

# Puppet theatre performance Adventures of the Little Dust in children's towns

Families are welcome to spend the Sunday by enjoying the musical performance *Adventures of the Little Dust* by the Liepāja Travelling Puppet Theatre Maska which is to take place on 29 January at 11:00 in the Children's Town and at 15:00 in the children's park Fantāzija.

The music for the performance was composed by Andris Eniņš, the play was staged and lyrics were written by Pēteris Trups, and the music was arranged by Normunds Kalniņš. The action takes place in the wintery Fairy-tale Forest among snow-covered fir trees and icicles shining like diamonds. On such a beautiful day, everyone should come together, have fun, and play games, but no one has noticed the Little Dust or invited her to participate. What should she do? Will the Little Dust meet someone? You will find it out during the performance *Adventures of the Little Dust*.

The Liepāja Travelling Puppet Theatre Maska is one of the oldest professional non-governmental puppet theatres in Latvia (established in 1994).

Please keep in mind that during the cold wintertime events in the children's towns will take place twice a month. The next event will take place on 5 February.
