

Lighthouse of Love

Foto autors Ventspils Tūrisma informācijas centra foto arhīvs

Next to the Port Captain's Office at the entrance of the small fishing port is the "Lighthouse of Love" – an environmental object specially designed for newlyweds. In many parts of Latvia, a tradition has taken root – to symbolically lock the hearts of newlyweds on a wedding day by attaching a lock to, for example, bridge railings. Now Ventspils will also have a special place to implement such a tradition.

📍 Kr. Valdemāra iela 14
