

Fountain KUGU VĒROTĀJS

Foto autors Ventspils Tūrisma informācijas centra foto arhīvs

Designed by architect Rita Dobičina and sculptor Igors Dobičins. The fountain is 2,8 m high and its weight is 15 t.

For the construction of the fountain a 38 t block of granite was brought from Sweden in 2002.

It is formed as a large „head” with tousled „hair” – water spurts.
