When we created SILRAK Cocktail Bar & Restaurant, we wanted to create a place for the people of Ventspils as well as visitors to the city to meet, enjoy delicious food, refreshing drinks, warm hospitality and a positive and relaxed atmosphere.

Here you can enjoy classic flavours and something a little out of the ordinary. When creating the menu, the chef mainly chooses products and ingredients sourced directly from Latvia. Rumour has it that we also have some of the best burgers around! The banquet hall is ideal for cooperative events, celebrations and special occasions!
