

Ventspils Digital Centre Invites to Online Course about the Use of LinkedIn

LinkedIn is a social network for professionals to find employers, employees, business partners and stay up-to-date with what's happening in different companies. Ventspils Digital Centre invites everyone to participate in online training and learn about LinkedIn, its importance in the digital space, as well as to create a LinkedIn profile and find out what opportunities can open up by systematically maintaining it!

The course “LinkedIn – the social network for professionals, employers and employees” will take place online on 6 April, 18:00-19:30. To participate**6. aprīlī plkst. 18:00-19:30.** participate in the training, you need to register in advance by filling in the form www.adre.se/profesionalatelapilnveide.
