Sunday brunch already on April 16!

We invite you to reserve a table in time by calling the phone:

+371 279 976 60

The brunch concept is quite simple – we have taken care of everything. We will have set the table starting with appetizers, salads, meat dishes, up to warm dishes and, of course, not forgetting desserts.

Treat yourself with whatever you want and as much as you want. The table is replenished so that everyone gets what they want. Brunch includes citrus water and juice.

The number of places is limited!

\*It is possible to apply for Sunday brunch only by making a timely reservation by calling the phone: 279 97 660

We look forward to your visit!
