

# Creative workshop Music and Sound

Foto autors Zinātnes centrs "VIZIUM"

In April, the theme of the creative workshops is dedicated to sound. Technically creative workshops "Skaņa" will take place every Saturday and Sunday in April at 13.00. New workshop content will be offered every weekend:

-29.

- 30. aprīlis.

"Mūzika un skaņa".

There are different types of sounds depending on their height, amplitude and frequency, and not all sounds are pleasant to human ears. Both noise and music are sonic forms. The workshop will explore and study music, different types of noise, as well as create your own musical orchestra from your own instruments!
