

Baltic Coastal Hiking | Brochure – Map – Guide

The brochure introduces the Baltic Sea coast hiking route, the Baltic Sea coast between Riga and Tallinn.

The 1,200 km hiking route is part of the European long-distance hiking route network E9.

Any of the 60 days of the route can be chosen as a separate trek or they can be combined. The expected distance to be covered for one day of the route is around 20 km. The total route is divided into 8 regions, which allows you to discover the diversity of the sea coast and allows travelers to choose their favorite.

The brochure highlights the highlights of each region, provides practical tourist information and includes a hiking route map.
