

Ventspils Pludmales aquapark starts the season on June 15!

From Thursday, June 15, the Ventspils Pludmales aquapark will start the summer season. It will be open for visitors every day from 11:00 a.m. to 9:00 p.m.

In preparation for receiving holidaymakers, various repairs have been carried out in the Beach Aqua Park. During the renovation works, the wall paint was renewed in all the dressing rooms, the sauna stoves were replaced in the saunas, the cladding of the exterior wall boards of the administration building was replaced and painted, as well as various other technical works were carried out.

The beach aquapark is located next to the Ventspils Blue Flag beach, it has three pools. 8 and 10 meter high towers with various slides are installed near the pools. Children are delighted with the special attractions in the small children's pool. In cool weather, after swimming in the pools, you can warm up in saunas or hot tubs.

Information about Pludmales aquapark services and prices is available on the website www.pludmalesakvaparks.lv.
