

Stena Line ferry Ventspils-Nynashamn | Sweden

Foto autors Ventspils Tūrisma informācijas centra foto arhivs

The shortest route by ferry – from Ventspils to Nynashamn in Sweden only in 8.5 hoursVentspils-Nynashamn is the shortest route between the Baltics and Scandinavia.

Stena Line offers 24 trips a week by ferries Stena Baltica and Stena Scandica.

Stena Scandica arrived at Nynashamn port on 27 July 2021, completing its first night trip from Ventspils.

The ferry Stena Scandica is 222 metres long and has 200 cabins, it can accommodate 970 passengers and has 2,875 line metres for cargo units, as well as an additional deck for cars.

On 19 January 2022, the new ferry Stena Baltica makes its first trip in the Baltic Sea from Ventspils to Nynashamn.

The ferry is 222 metres long and has 202 cabins. The ferry can accommodate 970 passengers and it has 2,875 line metres for cargo units, as well as an additional deck for cars. The ferry has renovated interior, new categories of cabins, a spacious store with great offers for well-known branded goods, recreation areas and various catering opportunities, as well as an open deck.

Stena Scandica and Stena Baltica ensure by 30% higher cargo and by 70% higher passenger capacity, more extensive recreation opportunities and even more pleasant travelling experience on ferries both on our routes to Latvia, and from Latvia.
