In September 2017, an athletics hall was opened in the Parventas sports complex. During the construction, the assembly hall and library premises of the 3rd secondary school were rebuilt, which are now equipped with gymnasiums and fitness rooms. By constructing a transition, these premises are connected to the Parventas sports complex. A new floor has been laid in the athletic and fitness rooms, a new heating system and ventilation have been built, and new showers, toilets and changing rooms have been built. The 285 m² exercise and fitness hall is equipped with modern equipment.
