

Dance programme “Chanson/Bolero” by the Italian State Theatre “Balletto di Milano”

Music: Maurice Ravel, Charles Aznavour, etc.

Choreography: Adriana Mortelliti

For the first time in Latvia – a magnificent world premiere; a production that has already earned stormy and contradictory reviews from critics and the absolute delight of the most discerning audience. It is not just a game of seduction, it is the eternal story of the birth of feelings, an overwhelming desire for one's own kind and an avalanche of increasingly powerful encounters.

Organised by SIA “Teatron”.
