Spring solstice in Jūrkalne. Let's celebrate the awakening of nature and honour the sun with the traditions of Easter. On the morning of the solstice, at 6.35 am, we will welcome the sun together on the steep embankment by the centre beach. At 5.30 p.m., everyone is welcome in the Fire Meadow for a spring lebedika. Swinging, egg dyeing and rolling, games and playing, bird chasing and other spring solstice traditions. At 18.50 we will go to the sea, to watch sunset.
