

Creative workshop “Creative Robots” at the Ventspils Science Centre VIZIUM

Foto autors: Zinātnes centra VIZIUM foto arhīvs

Creative workshop “mBot2 Starts the Summer” at the Ventspils Science Centre VIZIUM. Let’s start the summer with the creative iRoot robots. These robots can be true artists if we assist them. We will draw, program, and give a colorful, positive, and creative start to the summer.
